To change from heat or air conditioning, push in the dial and select the mode you want. Each bedroom is also equipped with a small heater and fan in the closet. In the upstairs loft during the summer, we also install a portable AC as it sometimes gets hotter than the rest of the house. You can operate the portable AC by pressing the power button on the AC unit or by using the remote.

Hot Tub

Our hot tub is available year-round and is serviced weekly by our Property Manager. The hot tub will be set to 97 degrees. You can change the temperature up and down within the range of 82-105 degrees. In the hot tub are four buttons. Starting from left to right the buttons controls (1) underwater lights, (2) half of the jets, (3) other half of the jets, (4) Temperature. Push the two jet buttons once for light jets, twice for heavy jets, and three times to turn off

REQUIRED: Before using the hot tub, please shower and wash off any oils, lotions, or makeup. These products clog the hot tub jets and throw the chemicals off balance. If the hot tub needs more than regular maintenance after your stay due to these products in the hot tub, you will be charged an additional cleaning fee.

Wildlife

While we do live very close to downtown Saugatuck/ Douglas, we are in a wooded area with wildlife. The most prevalent animals are deer, turkeys, and rabbits. Almost daily we see deer in the yard or in the woods to the left of the house. All of these animals are harmless, and should you see a deer in the yard, they usually will stare and continue eating from a distance. Please be careful when driving around, especially at night, as the deer in the area are very active crossing the local roads.

Windows

All windows are equipped with screens and can be opened. When leaving the house, please ensure all windows are closed and locked.

Whether you go during the day to sunbathe and swim or at dusk to see the sunset, Oval Beach is the #1 attraction in the area. During the summer parking is \$10 and can be limited, so arrive early or plan to bike (entry is free). From Labor day to Memorial Day parking and entry is free.

2 SAUGATUCK CHAIN FERRY

The oldest attraction in town operating since 1857. The ferry, powered by two people and a chain, is a great way to cross from our side of the river to downtown Saugatuck. The ferry costs \$2 each way and takes about 10 min. It runs from Memorial day to Labor day.

If you haven't seen a Saugatuck sunset yet, what better way to view it than on the river and lake. Grab a ticket on a sunset cruise down the river and out to the lake to go up and down the coast line. Our favorite tour company is Sailing Saugatuck. They book up weeks in advance, so make sure to book a tour online.

5 HIKE MT BALDHEAD AND THE PENINSULA

There are lots of great hikes in the area, including our favorite around Mt Baldhead and the peninsula. To hike, from the house go out to Ferry St./ Park St. and take a left. You will reach the end where you can either climb the stairs to the top of Mt Baldhead or continue past the signs saying "no turn around" until you reach Oxbow Art School.
